

# WelcomeWare®

## Eliminating front desk coverage challenges

Physical therapy clinics are having an impossible time covering their front desks because of challenges with hiring, staff leaves, and demands for remote work. WelcomeWare enables PT clinics to scale their front desk teams across any location, at any time with an all-in-one hardware and software platform.

## World's First Live Streaming Receptionist Platform

### BENEFITS

- Cover hard-to-staff and low-volume clinics
- Maintain full front desk coverage regardless of vacation or sick leaves
- Reduce costs by centralizing front desk staff
- Enhance your patient experience by connecting remote experts (eg: billing) to patients in need
- Improve retention by offering WFH days, or reinvesting cost savings into increased compensation
- Reduce burden on your PTs by taking check-in responsibilities off their plate
- Collect currently unmeasurable KPIs to enhance the patient experience and improve staffing model

Starting at  
**\$350/month**

We are trusted by PT practices of all sizes - from single location clinics to nationwide organizations

### FEATURES

- Customized branding, routing, and forms
- Flexible hardware
- Compatible with any EMR
- Payment processing
- Text notifications upon patient arrival
- Document scanning
- Contactless COVID screening
- At home or on the road check-ins
- Reporting dashboard
- HIPAA-compliant and privacy protocols
