

The AI-powered billing service built exclusively for private PT practices

Brace Health is revolutionizing revenue collection for PT practices with an AI-powered billing service.

The Brace AI acts as a co-pilot, supercharging a team of experienced billers to boost patient payments, minimize claim denials, and go head-to-head vs. payers to get you paid.

Yesterday's billing solutions won't work against today's AI-powered payers. Stay profitable and stay independent with Brace Health.

✓ **Dedicated US-based billing partner**
Available any time via call, text, email.

✓ **Improved collections**
Practices see a 10-20% collections uplift with AI-powered benefits checks, claim scrubbing, denials resolution, and patient collections.

✓ **Financial confidence**
Achieve peace of mind with real-time claim visibility, cash flow projections, revenue insights, and bank reconciliation.

✓ **Lower cost**
Our technology automates the tedious work, so we can deliver more for less.

"Brace Health is the future. Our biller Lisa immediately answers our calls and texts. She chases down every dollar we are owed. And they seamlessly work with our EMR. I now sleep better knowing Brace Health is on my team."
