FOR PRIVATE PRACTICE OWNERS

Grow the practice, not the payroll

Prompt is the AI-powered EMR, billing, and patient engagement platform built for rehab therapy. Your team sees more patients and leaves on time, without adding admin headcount.

+$32K
average annual revenue increase per clinician

+39%

THE 2027 MEDICARE MATH

CMS has proposed another 1.68% cut to the Medicare conversion factor for 2027. Rates alone won't protect your margin. Full schedules, finished plans of care, and clean claims will.

AI in every step, from intake to paid claim

BEFORE THE VISIT

Prompt Plus

Predicts no-shows, fills cancellations from your waitlist, and nudges underbooked patients

CHECK-IN

AI intake

Turns patient answers into a drafted, discipline-specific eval before you walk in

DURING THE VISIT

Sidekick

Ambient AI scribe drafts the note and gives CPT code feedback as you treat

AFTER THE VIST

Insight

Scores every note and flags compliance risk or under-coding before it costs you

GETTING PAID

Billing & RCM

Payer rule checks and automated charge capture send cleaner claims out the door

One record connects your schedule, notes, and billing. Built on 100M+ rehab therapy visits across PT, OT, SLP, and chiropractic. Stats are average outcomes at practices on Prompt. Source for Medicare figure: CMS CY 2027 Physician Fee Schedule proposed rule.

PLAN OF CARE ADHERENCE

Finish the plan. Get paid for it.

When patients drift, revenue drifts with them. Prompt predicts who's likely to miss, fills open slots from your waitlist, and reminds underbooked patients to book.

Practices on Prompt see a 20% increase in plan of care adherence.

SAMPLE PLAN OF CARE:

3X A WEEK FOR 4 WEEKS (12 VISITS)

Typical: 7 of 12 visits attended — $595

With Prompt: 11 of 12 visits attended — $935

+$340 per plan of care

Sample reimbursement of about $85 per visit. Actual rates vary.

There's no trophy for documenting at home

92%

of clinicians on Prompt finish notes the same day, during working hours

75%

less time on documentation with Sidekick, at the high end

+15-20

more visits per clinician each month with Prompt and Sidekick

Switching is the part we handle

We buy out your contract

We cover part of your current EMR contract so you don't pay twice.

Onboarding led by clinicians and billers

People who've run a caseload and worked a denial queue set you up.

Cash flow keeps moving

Your go-live plan keeps the schedule full and claims going out.

IN THEIR WORDS

There’s a reason Prompt maintains a 97% retention rate

“Why didn’t I do this 5 years ago?
We’ve been in business for 25 years and last month was our best month ever.”
